

# Price County Camp Opportunities

Enjoy outdoor adventure and fun at one or more of our 2017 Camps. All Price County youth are invited to participate and join in the adventure, fun and learning! With the opportunity to make new friends and learn new skills, all of our camps are guaranteed to be a great time and a great deal! Youth participate in a wide variety of activities, while under the care of high school aged youth leaders and adult volunteers who have been screened and trained. Campers also have fun participating in teamwork activities with youth and adult staff, volunteers and youth development professionals. For more information about our Price County Camping Program, please contact Arielle Hilgart, 4-H Youth Development Educator at 715.339.2555.

## STEM Camp

**See our website or Facebook page for more information!**

Enjoy this day camp for a whole week! Each day will be full of new and exciting opportunities focusing on Science, Technology, Engineering, and Mathematics. There will be exciting hands on opportunities for exploring robotics, chemical and mechanical engineering, solar energy, and other fun and engaging activities. Campers will have multiple days to create and build their own robots, to design and develop their own experiments and much, much more. Don't miss out on the fun and excitement of STEM Camp.

### **4-H STEM Camp Features:**
